Six Gillette businesses were named official Best of the Interstate destinations by BestofThe-Interstate.com, a website that highlights the best businesses along the nation's interstates.

Big Lost Meadery, The Railyard, Frontier Relics and Auto Museum, Ice Cream Cafe, Alla Lala Cupcakes and Magpie Designs all received the honor.

Randy Scott, co-founder of Best of the Interstate, spent about a month in Gillette earlier this year and said Gillette is a beautiful town, but what stood out about these six businesses was their passion.

“To become Best of the Interstate, you have to love what you

do,” he said.

The uniqueness of the businesses also played a part, Scott said.

“We didn’t see those types of businesses at all for a few hundred miles in either direction,” he said. “It’s very nice to see them thriving.”
